## ISO certification

Since December 2024 we have received ISO 9001:2015 certification regarding quality in terms of product and service to provide of Heavy Equipment parts, GET, Undercarriage, Oil and Gas , and other equipment.

## About us

TRIJAYA PRIMA is a company established in 2015 that is engaged in the sales and distribution of spare parts for heavy equipment/heavy vehicles and spare parts for diesel engines or marine engines. With the aim of being able to satisfy customers, our company strives to improve the quality of service both in terms of product quality, and fast distribution/delivery of goods. Supported by experienced human resources and supported by an extensive business network, it is hoped that we can serve more requests for spare parts from existing customers and new customers.

# OUR Core Business

## WORKSHOP FACILITY & FACTORY

Workshop Management

We have a fairly large workshop and adequate tools for operational purposes in the workshop, both for component assembly and fabrication, with sophisticated machines such as CNC.

We support our customers through reconditioning to save costs, building critical components with a full warranty, such as engines, final drives, transmissions, and other components. We accelerate customer needs by utilizing CNC machines and internationally competitive human resources. This concept also supports government programs by producing domestically and building the Indonesian economy by creating jobs.
